RITHANI S R

Computer Science Graduate • AI/ML & Software Engineering

Coimbatore, Tamil Nadu | +91 7904764245 | srrithani95@gmail.com | LinkedIn | Portfolio | GitHub

PROFESSIONAL SUMMARY

Computer Science graduate specializing in computer vision, agentic AI systems, and predictive modelling. Builds end-to-end machine learning solutions and integrates them into production-ready web applications using Python and modern deep learning frameworks. Seeking an AI/ML Engineer or Software Developer role to design and ship scalable, intelligent systems.

TECHNICAL SKILLS

Core: Machine Learning, Deep Learning, Computer Vision, NLP, Agentic AI & MCP, Model Fine-Tuning

Development: Full Stack, Claude code

Tools & Practices: Jira, Git, Cursor, n8n, Figma, Wireshark, VSCode

WORK EXPERIENCE

Web Development Intern — Knila IT Solutions, Coimbatore *2024*

- Built and shipped web features using HTML, CSS, and JavaScript within an Agile team, resolving cross-browser compatibility issues to ensure consistent UI rendering across major browsers.

Frontend Intern — Twisys Infotech *2024*

- Redesigned UI components to improve usability and applied responsive design principles with Git version control, streamlining a collaborative development workflow.

PROJECTS

Rice Leaf Disease Detection System *2026*

- Built a hybrid deep learning pipeline (ResNet50 + EfficientNet) to classify rice leaf diseases, applying Grad-CAM heatmaps for explainable predictions and rule-based logic to generate targeted treatment recommendations.

Anti-Drowning System — IoT + Dashboard *2025*

- Engineered an IoT wearable with real-time sensors for drowning detection, integrating a MySQL-backed HTML dashboard to deliver live sensor data and instant alerts.

NeuroTrack+ — Multilingual Psychiatric Chatbot *2024*

- Designed a multilingual (5+ languages) NLP-driven psychiatric support chatbot with a responsive React interface, enabling context-aware conversational support.

EDUCATION

Sri Ramakrishna Engineering College, Coimbatore *2022 – 2026*
BE, Computer Science & Engineering | CGPA: 7.63

CERTIFICATIONS

- AI Engineer Agentic Track: The Complete Agent & MCP Course — Udemy (2026). Hands-on training in autonomous AI agents, agentic workflows, MCP, agent orchestration, tool use, and multi-agent system design.
